

ihmc ROBOTICS CAMP 2022

BUILD AND PROGRAM ROBOTS!

IHMC's 2022 Summer Robotics Camp will offer students the opportunity to learn about computer programming and robots. Campers will work in teams to master Lego Mindstorms challenges. They will further develop their teamwork skills, their confidence in problem solving, and their creativity. Campers will hear several short presentations about state-of-the-art research at IHMC, and they will have the opportunity to eat lunch with an IHMC research scientist, in small groups. Camp includes a tour of the IHMC robotics lab.

SESSIONS

1

Pensacola Session 1: Rising 8th Graders
June 6-9, 9:00am - 3:00pm

2

Pensacola Session 2: Rising 9th and 10th Graders
June 13-16, 9:00am - 3:00pm

DETAILS

Each session costs \$175.00. Students should select one camp session (only) based on grade level. Space is limited to 20 participants per session. Financial assistance may be available based on need, for qualified candidates. Acceptance is on a first-come, first-served basis.
